

## COME UP FOR AIR

**H**ey there, I can see your  
drowning in the details  
Forgetting about the important  
fundamental of your life  
You're becoming the heavy end of the  
scale  
And I think it's gonna hurt us tonight

Don't wanna be the last thing, on your  
list of things to do  
Lately I'm feeling like, I'm not  
important enough to you  
So just for a while can you

**C**ome up for air and take a little  
time to breathe with me  
I know you care but it would  
really mean a lot, I need  
Just an hour or two of making love to  
you  
If you would come up for air

**I** don't need your attention twenty-  
four hours a day  
Just a drop of affection, like  
sunshine in the rain  
Might make you smile and receive a  
little tension for a while  
Yeah, baby I just want you with me  
tonight  
Baby, baby tonight  
So just for a while can you

**C**ome up for air and take a little  
time to breathe with me  
I know you care but it would  
really mean a lot, I need  
Just an hour or two of making love to  
you  
If you would come up for air

**C**ome on, come on, breathe with  
me  
Ooh, baby be with me, be with  
me  
Gimme an hour or two  
Making love, Making love to you

**H**ey baby what you trying to do  
I don't think you understand  
what you been putting me  
through  
I been lonely for the longest time

**C**oming up, Coming up for Air  
Coming up, are you coming up  
for air  
Coming, coming, coming up for air

For air  
For air  
Fir air
